## salesFLEX

**Produce powerful, dynamic sales reports with ease!**

salesFLEX enables you to generate virtually thousands of sales reports with ease!

- Generate reports by customer, product, city, province/state, area code, ship-to, product code, salesperson, and more.
- Analyse data by any period - day, week, month, quarter, year, year-to-date, and user-defined.
- Display up to twelve date periods per report, for a comprehensive comparative analysis.
- Examine data by sales dollar amount, shipped quantity, gross profit or cost amount.
- Run Detail Reports using two criteria, such as customer and product, territory and product. Numerous combinations available!
- Top/Bottom N capabilities (such as Top 10 customers)
- Numerous report combinations with powerful filters, including zip/postal code, territory and salesperson.
- Create and save multiple report templates, making ongoing report generation a breeze!

## invoiceFLEX

*Easily reverse or duplicate an invoice!*

The screenshot shows the 'invoiceFLEX - ABC Electronic Components Inc.' window. It features a menu bar with 'File', 'Tools', and 'Help'. Below the menu bar is a search field for 'Invoice Number' with the value '0000100604'. There are three radio button options for 'Create order using': 'Next available order number' (selected), 'Original order number', and 'This order number'. Below these are sections for 'Order Date' and 'Invoice Date', each with 'Use original' and 'Use today's date' options. A 'Pricing' section has 'Keep original invoice pricing' selected and an option to 'Allow order to be re-priced'. An 'Options' section has three checked boxes: 'Prompt when returning serialized inventory items', 'Copy Work-Book', and 'Copy Notes'. At the bottom are buttons for 'Reverse', 'Duplicate', 'Reverse & Duplicate', and 'Exit'. The status bar shows 'BV\*' and '13-Nov-2005'.

Use *invoiceFLEX* to quickly reverse or duplicate an existing invoice.

- Reverse creates a "credit" order in the BusinessVision Order file, effectively reversing the original invoice.
- Duplicate creates a new order that can be processed as is, or modified as required.
- Inventory is committed or de-committed as appropriate, maintaining system integrity.

## purchaseFLEX

*Effortlessly re-open issued purchase orders!*

The screenshot shows the 'purchaseFLEX - ABC Electronic Components Inc.' window. It features a menu bar with 'File', 'Reports', and 'Help'. Below the menu bar is a search field for 'Purchase Order No.' with the value '0000300296'. A 'Notes' section contains the text: 'Vendor part numbers have changed. Re-open to reflect new vendor catalog numbers.' At the bottom are buttons for 'Re-open' and 'Exit'. The status bar shows 'BV\*' and '13-Nov-2005'.

With *purchaseFLEX*, "issued" purchase orders can be re-opened, modified and re-issued as required!

- Inventory "on order" quantities are updated, maintaining complete system integrity.
- Complete audit trail of re-opened purchase orders, with optional Notes feature.

## timeFLEX

*Take control of your billable hours!*

The screenshot shows the 'timeFLEX - ABC Electronic Components Inc.' window. It features a menu bar with 'File', 'Billing', 'Tools', 'Reports', and 'Help'. Below the menu bar is a search field for 'Client' with the value 'Mto Barina'. A table displays billable hours with columns for 'Date', 'Hours', 'Rate', and 'Amount'. The table includes entries for 'CREALD - Creative Audio', 'DOWNTR - Downtown Stereo Mart', 'ENTCTR - Entertainment Centre', 'HARDEN - Hardening Centre', 'HARDEN - Hardening TV Repairs', and 'KCPG - Smith Evans H-FI Design Inc.'. A 'Total Billing' of \$2,725.00 is shown. Below the table are buttons for 'Reverse', 'Duplicate', 'Reverse & Duplicate', and 'Exit'. The status bar shows 'BV\*' and '13-Nov-2005'.

Easily enter, track and maintain your time and billing information with *timeFLEX*.

- Automatically generate ready-to-invoice orders in BusinessVision's Order Entry module.
- Print detailed billing/backlog documentation with each invoice.
- User-defined Billing Rate Matrix, based on consultant/customer/task, utilizing BusinessVision's Inventory module and selling levels.

## lotFLEX

*Track inventory lots, locations & expiry dates!*

The screenshot shows the 'lotFLEX - ABC Electronic Components Inc.' window. It features a menu bar with 'File', 'Edit', 'Inquiry', 'Reports', and 'Help'. Below the menu bar are icons for 'Assign Lots', 'Issue Lots', 'Transfer Lots', 'Adjust Lots', 'Inquiry', and 'Reports'. A 'Sales Order: 700637' is displayed. A table shows inventory lots with columns for 'Line No.', 'Qty', 'Part No.', and 'Description'. The table includes entries for '01 00 CD-204 Compact Disk Player with Autolock' and '02 00 EQ-1800 Equalizer (10 band)'. At the bottom are buttons for 'Re-open' and 'Exit'. The status bar shows 'BV\*' and '13-Nov-2005'.

From Inventory Receiving through Order Entry, *lotFLEX* enables you to track lot, location and expiry date details for each inventory item.

- Complete audit trail for every transaction.
- Lot Tracing and Lot Inventory Status reports.
